

Ezekiel – week #7

REVIEW

(NOTE! Last week I misspoke when I said the destroyers were to kill everyone. The text clearly says not to harm those who have the mark on their foreheads. Keep in mind, however, that this is a vision intended to represent spiritual ideas rather than literal realities. Righteous people, however, also die in war.)

- 1) In a word, what is Ezekiel shown multiple examples of in the vision recorded in chapter 8?
- 2) What do you believe is the message of 9:1-7?
- 3) What tragic event takes place near the end of chapter 10?
- 4) What do you believe is the message of 11:14-21?
